25X1

Dear [redacted]

25X1

This is to acknowledge with thanks your interesting letter of January 13, 1948 reporting on the Yemen Radio. While of primary value to your own operation, the development of which we shall watch with interest, the unusual completeness of the information will certainly enable us to answer most questions which may arise in connection with this station.

The preliminary cable to [redacted] was received and is being supplemented with this report. The classification you recommended for this information will be observed.

25X1

Sincerely,

[redacted]
Acting Chief, FBIB
